\*Note 1: We'll do our best to provide the requests you'd like within the time of your event. Refer to our song list for the favorites. If you don't see what you want, list them on this form. List the songs you don't want, too. Please remember...we're professionals! You need not list every song you want to hear. We're good at reading the crowd and providing the right music for all. Allow at least 2 weeks for us to search special requests.
